

Murphy Associate Parking

If you are unsure about parking, just ask.

Parking here is free.

We ask that you reserve the spaces closest to the awning for our patients and their family members. There are reserved spaces near the ER for patients and physicians as well. We utilize the yellow pole system to help you navigate the parking with information signs there to help.

Spaces in yellow are associate spaces. Our security and grounds crew help us with violators. The first time you will receive a courtesy violation notice. Thereafter, your instructor will be notified and you will be asked to move your vehicle immediately.
